December 26, 2007

Mr. Ryan Alltop  
ENCAP, Inc.  
1709 Afton Road  
Sycamore, Illinois 60178

Dear Mr. Alltop:

This responds to your letter dated December 12, 2007 requesting information on endangered or threatened species for the proposed regional stormwater detention facility located at T39N, R10E, Section 2 in Wilton Township, DuPage County, Illinois as depicted on the map you enclosed.

Thank you for referencing the site location using GPS coordinates in decimal degrees as well as Township, Range, and Section number.

Based on the information provided in your submittal and a review of our records, we do not believe that any federally endangered or threatened species occur in the vicinity of the site. This conclusion is based on the best available information, including information in your submittal, the scientific and technical literature, and our own files. Newer information based on updated surveys, changes in the abundance and distribution of listed species, changed habitat conditions, or other factors could change the conclusion. This could become more likely if projects experience significant delays in implementation. Feel free to contact us if you need more current information or assistance regarding the potential presence of federally listed species.

These comments only address federally listed species. Please contact the Illinois Department of Natural Resources for information on State-listed species. Also, we may have the opportunity to review the project for a broader range of fish and wildlife impacts if it requires a Section 404 permit. We are willing to work with you in advance of formal submittal if it would help streamline the approval process.

Mr. Ryan Alltop
